2. In these papers, the S.Es. Eastern and Deccan Irrigation Circles have appointed certain State Engineers as temporary Deputy Engineers to hold charge of the Sub-Dns. created in their respectice State areas and have conferred on them the powers of sub-Divisional Officers, Although the conferment of the powers on the State Enginsers in question and placing them in charge of the Sub-Divisions are in accordance with the authority vested in the S.Es. under G.C.M.No.9931/36, dated the 27-10-1948, the appointment of the State Engineers in question as temp. Deputy Engineers in the B.S.E.II Cadre is not within the competence OF THE S.Es. The authority at present vesting in them is under Govt. Notn.No.2145/36, dated the 7-5-1942, in respect of appointment of only members of the S.S.E. and permanent Supervisiors Cadres as Offg. Dy.Engrs. in the B.S.E.II Cadre for periods not exceeding one year. So long as the State Engineers in question have not been absorbed in one or the other of the above cadres the S.Es. have no powers to appoint them to the B.S.EII Cadre even in an offg. or any other capacity.

3. The question of absorbing the qualified State Engineers in the B.S.E.II Cadre is separately under consideration in file 9697/36. Until orders are issued absrbing them in the cadre in consulatioan with the B.P.S.E., the appointments now made by the S.Es. would seem to be irregular. In the circumstances, the draft put up may issue, if approved.

Please see para. 2 of the P.W.D. letter to the Electrical Commr. etc. dated the 15-10-1948. The Electrical Commr. etc. have been asked to endorse copies mx of notifications etc. re: short time appointments made by them direct to the P.S.C. This is not in consonance with the procedure laid down for the dealings of the Sectt. Deptts. with the Commn. - vide the instructions accompanying Govt. endirsement P.& S.D., No. 2048/34-D, dated the 24-2-1948. These instructions contemplate that all reference to the Commn. pertaining to appointments etc. should be made by the Deptts. concerned and not by subordinate officers. It is P W D which is responsible formaking appointment to posts of Dy. Engineers and though powers might have been delegated to the Superintending Engineer etc. to make sh rt-time appointments it is P.W.D. which should endorse copies of the notifications etc. of such appointments to the P.S.C. and supply with necy. informatuon. The obvious course for P.W.D. is to ask the Superintending Engineers etc. to supply the information etc. to that Deptt. and then to itself pass on the information etc. to the P.S.C. No. other Sub- officers have been permitted to make references to the Commn. direct nut all references are required to be make by the Administrative Deptts. concerned. P.& S.D. may not agree to any departure form this principle in respect of P.W.D. officers.

In the circumstances, PWD may be advised u.o. to amend para. 2 of its letter so as to ask the Electrical Co mr. etc. to supply the information etc. to it and not to the P.S.C.
